Voice of April, liquid clear, In the daybreak of the year— Spring's blue herald in the tree Caroling his heart away, Catch and madrigal and glee! Spring is here to-day

Face of April, fair its gleam
As the young year's waking dream—
Spring's glad smile on earth and sky—
Sliver mist and golden ray—
Shower and sunshine slipping by:
Bpring is here to-day

Lips of April, how they shine
Through the fretwork of the vinet
Spring's fresh klases—each of them—
Jewel bud or blossom gay—
Honey sweet on twig and stem;
Spring is here to-day

Heart of April, last and best,
Beating fast against my breast—
Spring's own self! Ah, Sweetheart true,
Love no dearer words can say;
April is none else but you!
Spring is here to-day

To-day is Palm Sunday, so- called in To-day is Paim Summay, so care in memory of Christ's triumphant entry into Jerusslem, when the multitude strewed the way with paim branches and leaves. Passion week, following Paim Sunday, will be succeeded by Easter-tide

leaves. Passion week, following Palm Sunday, will be succeeded by Easter-tide and Easter joys.

The quiet of Lent will be broken effectually by the advent of the April feetivities, for the music of Easter wedding bells will sound clear and full, beginning with April 5th and continuing through the remainder of the Easter month.

The subscription german to be given under the auspices of Richimond Assembly will lead the gayeties of the season, and will doubtless be largely attended, as Richmond will have, during the holiday, a number of charming guests from other cities in the State and outside of it, and many of the younger society girls will return from bearding school to spend Easter week here.

The launching of the battleship Virginia, at Newport News, on April 5th, has created decided interest in society circles. Governor and Mrs. Andrew J. Montague, with the sponsor for the Virginia, their eddest daughter, Miss Gay Montague, and a party of friends, will go to Newport News by special train.

The Colonial Dames, including the president, Mrs. Herbert A. Clathome, will, many of them, accompany the party made up by the Westmoreland Club for its friends. A special train and a lunch on the steamer Louise after the launching makes a very altractive prospect for the party. The Commonwealth Club has

pastor of the Presbyterian Church at Farmville, Var A recent issue of the Winchester paper says:

Miss Russell is extremly popular among the younger social circles of Winchester, and has been identified with church and musical organizations. Her musical talent is conspicuous and her charm of manner and attractive personality have given her wide popularity.

Mr. McAllister is a brilliant young minister of the Presbyterian Church in Virginia. Last year he held the chair of Hebrew at the Union Theological Seminary, Richmond, Var, filling the place of the Rev. W. W. Moore, who was in Europe for his health, During his connection with the seminary in this capacity Mr. McAllister won for himself quite a reputation. Recently he was appointed to the pastorate at Farmville.

Virginia Branch Collegiate Alum-

nae.
The Virginia Branch of Collegiate Alum The Virginia Branch of Collegiate Alumae met yesterday in the Woman's Club at 11 A. M., with Mrs. Albert H. Tuttle, of the University of Virginia, presiding. The programme for the day, included Mrs. Tuttle's introductory address; a paper on "The Virginia Scholarship." by Miss Lydia Lois Tilley, and another on "College Life for the Southern Girl." by Miss Duval, of the Staunton Female Institute. Dr. James M. Taylor, of Vassar College, closed the programme with a fine address.

Dr. James M. Taylor, of Vassar College, closed the programme with a fine address.

The Association of Collegiate Alumnae was organized in 1832 by representative colleges for women in the United States. It was incorporated under the laws of Massachuseits, April 20, 1899. The aim of the association is to unite the alumnae of different institutions for practical educational work, for the collection and publication of statistical and other information concerning education, and in general for the maintenance of high standards of education. The association now numbers twenty-three colleges, with about thirty branches in different States. The Virginia Branch was formed in Richmond, May, 1890, with Miss Parrish, Ph. D., of Cornell, as president. The special aim of this branch is to raise a Virginia scholarship, which may be used by Virginia girls in any of the colleges included in the association. The Virginia Branch has as its officers: President, Mrs. Albert H. Tuttle, B. A., Vassar, vice-president, Miss Tilley, B. A., of Bryn Mawr; secretary and treasurer, Miss Wells, B. A., of Wellesley, and at the present time its members represent Wellesley, Vassar, Cornell, Wesleyan, Smith, Bryn Mawr and Oberlin.

The Colonial Dames of the State of Virginia have offered through the Virginia Branch of the Association of Collegiate Alumnae a prize of \$40, to be given next year to the young lady from any of the seminaries in the State who shall write the best essay on a subject connected with the history of colonial Virginia.

nected with the history of colonial Virginia.

The officers elected for the next year are as follows: President, Mrs. Tuttle; first vice-resident, Miss Tilley; second vice-resident, Miss Hedrick; secretary-treasurer, Miss Wells.

Mrs. Tuttle's introductory address was very graceful and appropriate. Miss Tiley made a strong plea for funds to further the purposes of the alumnne. Miss Duval drew an attractive picture of the Southern student girl, her talents, her fallings and her needs, and Dr. Taylor proved conclusively that women have a right to education, and that education, from his standpoint and experience, makes better all round women of them.

REMITTINERY OPENING

KAUFMANN'S FOR MILLINERY" has come to have a meaning all its own with the women of Richmond, a meaning that imparts a certain pride to those who wear a hat that comes from Kaufmann's.

Not a fashion source-not a style-creating center but has been laid under tribute in the assembling of this our most MAGNIFICENT EASTER DISPLAY. To name their makers would be to call the roll of honor in the millinery world of art. Superb creations from every style center and very smart copies by our own artists. You'll learn what's ultra proper for spring and summer wear by a visit to this department. All that's new and to be in vogue you'll find fully represented, both in the Semi-Dress Hats as well as the Trimmed Hats.

WITH the approach of Easter the first days of spring are beginning to make their presence felt. They are forcible reminders of the need of lighter weight garments.

Choice conceptions, embodying all the bright ideas of the leading tailors, are conspicuous at every turn, yet there are many modest, inexpensive garments, as is evidenced by the list that's here described and temptingly priced.

Human Dandruff Germs Denude a Rabbit! CONVINCING EXPERIMENT by DR. SABOURAUD of the PASTEUR INSTITUTE. This experiment proves that dandruff is a contagious disease due to the presence of a microbic growth in the sabaceous glands of the scalp. It also proves that unless the formation of dandruff is stopped—by destroying the germs—it will lead to failing hair and incurable baidness. Prof. Unna, Europe's noted dermatologist (ask your dector about him) was the first to discover the microbic nature of dandruff and baldness. His discovery was later verified by Dr. Sabouraud, at the Pasteur Institute, Paris, France. The doctor inoculated a rabbit with human dandruff germs and in due time the rubbit began to lose its fur. "In between five and six weeks," says the official report of the Pasteur Institute, "the rabbit was completely denuded, in fact it had become entirely bald."

Dandruff is annoying. Falling hair is an injury. Baldness is a calamity.

If you are indifferent about your hair and let it "take care of itself." you should not grumble when it is gone. Careful people now try to save their hair and Newbro's Herpicide enables them to do this in a very pleasing manner. It is the first scelentific HAIR-SAVER and it is growing wonderfully in popularity. Everyone should endeavor to protect the scalp against dandruff infection and the surest way, is to crefully void "exposure" to dandruff germs and to rely upon Newbro's Herpicide as a scalp prophylactic. One of the chief forms of "exposing" the scalp, is to use an unsterlized public hair brush. The hair brush should be as exclusive as the tooth brush. It is important to remember that:

1. Dandruff is a contaplo-is disease caused by a microbe.

1. Dandruff is a contagious disease caused by a microbe. 2. Dandruff is a forerunner of Itching scalp, falling hair and

baldness,

3. Chronic baldness is incurable. 4. The CAUSE of dandruff can not be washed out of the scalp with soap and water. 5. The only way to cure dandruff and stop falling hair is to kill

the germ that causes It. The only safe remedy, so far discovered, that will absolutely kill the dandruff germ is Newbro's Herpicide. Kill the scalp germs and the hair is bound to grow naturally, Almost marvelous results follow the use of Newbro's Herpicide. It contains no oil, grease, sediment or dye. It delights the ladies by keeping the hair light and fluffy and by giving it a silken gloss.
